A Right to Farm Community

Princeton Agricultural Commission

Jennifer Caswell Jim Hillis
Walter Govey Nancy Ackerman
Charles Stimson Jane Fife

The Princeton Agricultural Commission is proud to present this brochure of many of our local farms and agricultural sites.

Our local farms offer everything from fresh honey to beautiful angora yarn. You will find fresh eggs, composted cow manure, and wood pellets.

Several of our local farmers also create beautiful art and craft items that should not be missed.

For the horse enthusiast, many farms offer horseback riding lessons and boarding.

Please take some time to visit our farms and let our community know how much you enjoy these beautiful and historic sites right here in the Town of Princeton, Massachusetts.
