

Board of Health
Minutes
Town Hall Meeting Room & Remote Meeting
May 2, 2022
5:00 PM

Members Present: Lar Greene, Greg Dowdy, Dianna Markley and Terri Longtine, Sec'y

Interested Parties: Holly Clemence

Opened Meeting: 5:05 pm

Minutes: Approve minutes: 3/28/2022
(LG) moved to approve (GD) 2nd. AIF

Holly was present to discuss her neighbor with the board. Holly & Scott Clemence live at 177 Worcester Rd., next to the Yaglou property at 171 Worcester Rd. She stated that they have had a major problem with mice coming from the Yaglou property. The Clemence's stopped by the TA's office today regarding the Yaglou property on Worcester Road. She told her that there are several more cars being stored there and that they believe that the problem they are having with the mice and mosquitos are coming from the tires filled with water on Yaglou's property. Mrs. Clemence said the mice chewed through her car wiring. They are hoping that this can be taken care of as they are expecting their grandchildren to visit over the summer. This winter alone, Scott, has caught 31 mice in their shed and the wires on Holly's car have been chewed by mice.

(LG) contacted William Yaglou (owner). He is going to the property next week. (LG) will set up a meeting with Mr. Yaglou. (LG) will report back to board with his findings and go from there. The board may have to get the AG's office involved again. The board will keep the Clemence's updated.

Camp: Mr. Camp stated in an email that Andrysick was at the property for the as built and assumes the BOH office will have it shortly. Would like certificate of compliance. Lar stated that he would go back and inspect to make sure all requirements are met.

BOH Membership: Board discussed the SB's intention to increase the number of board members from 3 to 5. Board voted no at previous meeting. Lar stated that he spoke with Karen Cruise and she would like to see more community outreach. Board thought it would be more beneficial to have volunteers to head up these different events, and not necessarily adding two other board members. Board discussed collaborating with the COA and assisting in a health fair and other outreach events.

Ag Rules: (DM) and (GD) have been working on revising the ag rules regarding chicken coops, turkeys and the acreage requirements for the exclusion of the house area. A draft will be provided soon for review.

Well Regs: (DG) discussed her progress in updating the well regulations that are currently in place. Some of the items that need to be touched on are the abandoned wells, well location in relation to livestock/manure management. She will provide a draft for members to review and discuss at future meetings.

Adjourn: 6:00 pm

Next Meeting: May 16, 2022
