Septic: 13 Pine Hill Lane – Al Pearson – Re: House Fire 1/23/2023 – Mr. Pearson asked for guidance from the board regarding his septic system at his property after the fire. He was concerned with any damage incurred while fighting the fire as far as the drains in his basement, any pipe damage etc... and if he would need to have the system replaced. The board suggested that he have a Title V inspection done to ensure that all of the components are still in working order. They are planning on rebuilding and need information for the insurance company. He will keep the board posted as to his progress.
