Approval of Minutes: Minutes from the January 18th, 2022, meeting were approved at 7:05 PM

Item 1: (7:06 – 7:41 PM) Public Hearing for a Notice of Intent filed by Patrick Brady for construction of a single-family home and septic system on Old Brooks Station Road, Map 14 Parcel 52-1 (*no file # assigned as of meeting date*). The location of the proposed single-family home and most of the septic system were shown outside the resource area. There are some minor activities such as grading and vegetation removal in the resource area, however, the proposed site plan is being modified. All proposed work is currently outside of the 200' riverfront area. The Commission proposed conducting a site walk to review the wetland delineations. The Commission asked for wetland flags to be displayed on the revised plan. The hearing was continued because of the lack of file number and to allow for DEP comments and plan revisions and to conduct a site walk.

Item 2: (7:41 PM– 8:14PM) Public Hearing for a Notice of Intent filed by Patrick Brady for construction of a single-family home and septic system on Old Brooks Station Road, Map 14 Parcel 52-1A (*no file # assigned as of meeting date*). The location of the house, well, driveway, and some of the site work are located within the 100-foot resource area. The Commission asked for wetland flags to be displayed on a revised plan. The hearing was continued because of the lack of file number and to allow for DEP comments and plan revisions and to conduct a site walk.

Item 3: (7:08 PM– 7:58PM) Request for a Certificate of Compliance for DEP file 267-95 from Robert and Deborah Cox of 12 Country Lane. After a review of the files, it was determined that the Certificate was granted and therefore no further actions are required.
