Director Updates

- Discussed the ongoing obstacles of leasing Krashes Fields to increase Revolving Fund- creation of Lancaster Complex, no lights, wet fields, location from highway, costs of field maintenance
- Suggestion of repurposing one of the 3 fields to something else- garden, baseball field, tennis, pickleball
- Discussed options of stopping field maintenance to Krashes to focus on Thomas Prince School, reduce the field maintenance, or asking town for full assistance.
- P&R asking for \$5k to help maintain the fields. Will continue to meet monthly to brainstorm other options to keep Krashes at its highest level of care. Hollie will continue to reach out to organizations to market Krashes for field leases.
