

# COVID-19 BY THE NUMBERS

March 23, 2022

7

Confirmed Covid-19 since 3/8/2022

418

Total Cases to date

2

Fatalities to date

Beginning March 22, 2022 masks are no longer required in Town of Princeton buildings. Residents are asked to continue to wear masks if they are showing any COVID-19 symptoms. The Library and COA may ask residents to wear masks during certain heavily attended events.

There are a variety of COVID-19 tests to choose from. Learn more about the difference between a PCR and rapid antigen self test at <http://mass.gov/GetTested#COVID19MA>

COVID-19 vaccines available in the United States are effective at protecting people from getting seriously ill, getting hospitalized, and even dying. As with vaccines for other diseases, people who are up to date are optimally protected. CDC recommends that everyone 5 years and older get their primary series of COVID-19 vaccines, and receive a booster dose when eligible.

In Massachusetts, you can find COVID-19 vaccines and boosters at <https://www.mass.gov/covid-19-vaccine>

Wachusett Regional School District
