

COVID-19 BY THE NUMBERS

March 7, 2022

0

Confirmed Covid-19 since 2/15/2022

411

Total Cases to date

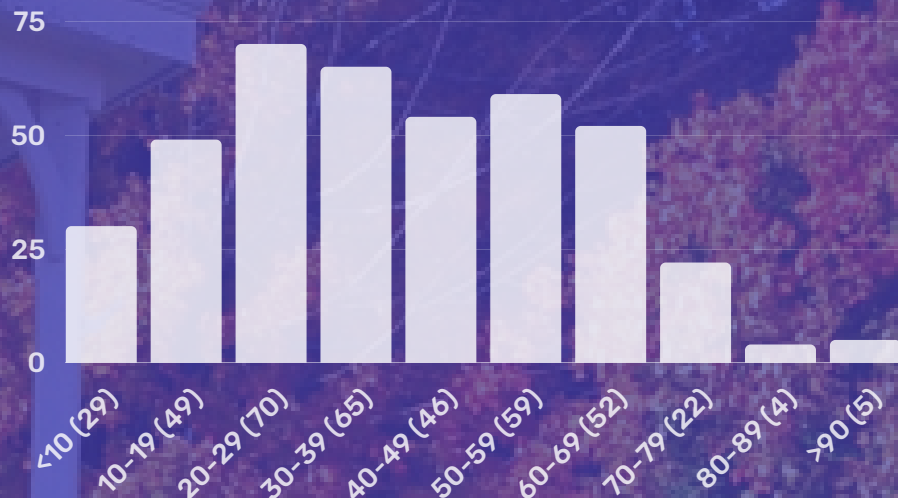

2

Fatalities to date

There are a variety of COVID-19 tests to choose from. Learn more about the difference between a PCR and rapid antigen self test at <http://mass.gov/GetTested> #COVID19MA

COVID-19 vaccines available in the United States are effective at protecting people from getting seriously ill, getting hospitalized, and even dying. As with vaccines for other diseases, people who are up to date are optimally protected. CDC recommends that everyone 5 years and older get their primary series of COVID-19 vaccines, and receive a booster dose when eligible.

In Massachusetts, you can find COVID-19 vaccines and boosters at <https://www.mass.gov/covid-19-vaccine>
