Join us for a public meeting to discuss the Town of Princeton's work on our Complete Streets Prioritization Plan.

The MassDOT Complete Streets Program is an initiative to help municipalities make infrastructure improvements to provide safe and accessible options for all travel modes for people of all ages and abilities.

Your input is a vital part of identifying key projects, so come learn about the program from our consultant team, Howard Stein Hudson, and give us your ideas and share your vision for walking, biking, transit, and safety!
