

JOURNEY TO ZERO WASTE

PART 1: RECYCLING AND COMPOSTING

March 31, 2022–7pm to 8pm (online)

For virtual event details, please visit the [EAC committee webpage](#)
or email the EAC at PrincetonEAC@gmail.com

Have you ever wondered what happens to your recycling after it leaves your curbside bin? Have you ever agonized over what can and can't go into that bin? **Join us to hear an insider's view of what's going on in the recycling industry in Massachusetts.**

Vince Allo, Municipal Solutions Manager for Casella Waste Systems helps public works departments all over the state solve their waste and recycling challenges, and he'll be happy to answer your questions and offer perspective.

Irene Congdon, Municipal Waste Coordinator for Central Mass will give a quick Composting 101 introduction. Learn how important composting is, how easy it can be, and the many benefits your garden (and the environment) will enjoy.

Q&A to follow. Don't miss it!

This program is supported in part by a grant from the Princeton Cultural Council, a local agency which is supported by the Mass Cultural Council, a state agency.
