## **FAQs**

### **Can I Email my Vote By Mail application?**

Yes, but the application needs to be signed. You can either sign your application by hand and email an image of your application to the Town Clerk's Office or sign your name using a mouse, stylus, or finger and then send that saved application to the Town Clerk's Office. **Typed signatures are not acceptable.**

### **How will I know if my application has been accepted?**

Go to [track your mail-in ballot](#). If your application is marked as "Pending," that means your application has been received and your ballot will be mailed out as soon as it is ready. If the website can't find a record for you, that may mean that your application hasn't been received yet and you should call the Town Clerk's Office.

### **If I vote by mail, can I change my mind and vote in person?**

**It depends.** If you mailed your early ballot back and it was accepted in the Town Clerk's Office, then your ballot is considered to be cast and you can't vote again. If your ballot never reached the Town Clerk's Office, or if it was rejected for some reason, then you can vote in person

### **If I vote in person at Early Voting can I change my mind and vote in person on Election Day.**

**No.** If you vote in person during Early Voting your vote is considered cast, and you may not vote at the polls.
